## CHILDREN'S SUMMER THEATRE WORKSHOP

**CSTW Workshops I & II** will explore a combination of techniques basic to theatrical performance. Students will play improvisational theatre games, practice voice projection and expression, develop characters, memorize lines and perform in front of their peers. Students will also take a tour of the Bowlus stage, experience the grid and learn about basic stage equipment.

**CSTW: Improv Workshop** is returning after a successful first year. This workshop is open to students entering the 9th grade through students entering the 12th grade. This will be a week long intensive improvisation workshop. We will work on improvisation, vocal enhancement, pantomime, voice and diction, expression and body movement.

All workshops will end with a public performance, showcasing what the students have been working on. CSTW is under the direction of Creative Director, John Higginbotham. Groups are limited to 30 students. ***Pre-enrollment is required to reserve your spot!***

**Due to ICT's performances of "Squirrel Lake" CSTW will be housed at the Bowlus Fine Arts Center this summer.**
